Join us this June as we host two Spotlight on Assessment, Services and Support events.

**For school and college leaders in the North:** Tuesday 25 June 2024, 11:00 - 15:00 at the Pearson office in Salford Quays, Manchester.

**For school and college leaders in the South:** Thursday 27 June, 11:00 - 15:00 at the Pearson office at 80 Strand, London.

The focus for these events will be our summer 2024 series, along with great insight and discussion around the future of assessment and what's new from us at Pearson.

### Session topics will include:

- Reflections on the summer 2024 exam series
- The educational landscape and what a general election year might mean for us all
- Level 3 reform
- The future of assessment
- DE&I: Panel discussion

We welcome the opportunity to answer your questions during the event and we invite you to pre-submit any questions using this [short form](#).

Chaired by Hayley White, Vice President Assessment, Standards and Services, with sessions led by assessment experts from across Pearson. We hope you can join us for an informative day and enjoy opportunities to network with colleagues and our assessment team.

*"There's a general challenge for assessment at the moment in this country, and that is that it has to be based on the rigorous standard that is the same for everybody. But at the same time nobody is the same. ...So how do we manage that, how do we manage to keep that rigorous standard but make assessment accessible, flexible and fair for all?"*

*"It's lovely that you can give school leaders a chance to come together to share their experiences and stories and see if what they're going through matches up to what another school leader is going through. It's really beneficial to give teachers the time to do that."*
