Can you describe your T Level experience? What was it like?

I found my T Level course to be an excellent learning experience. My tutors were always on hand to help with any advice or support, and regular tests really helped me keep track of my own progress.

What did you like most about taking a T Level?

My T Level gave me the flexibility to work and improve at my own rate in every lesson which helped build my confidence and consolidate key skills and knowledge.

Would you recommend taking a Pearson T Level? If so, why?

Yes. I would definitely recommend taking a Pearson T Level and I already have.

Universities recognise T Levels in the same way as A Levels and gaining work experience as part of the course is something that will be favourably looked upon by employers and help employment prospects.

Have you completed a T Level work placement? If so, what was it like?

Yes. I completed my placement at Solomon Commercials. It was an invaluable experience where I had the opportunity to apply the skills I'd learnt in the classroom in a real workplace situation. It was a great choice for me.

What top 5 skills did you gain from your T Level?

Independence

Critical thinking

Teamwork

Problem Solving

Time Management

How do you think studying a T Level has helped you?

My T Level course has given me the knowledge, confidence and experience in the workplace to feel ready for my next step to university.

How has your T Level prepared you for the career you would like to go into?

Having the opportunity to undertake work experience and be able to work alongside staff in senior positions has helped me explore the different levels and potential career opportunities.
