Additional guidance notes for examination supervisors for completing the candidate answer sheet

Please read the following notes carefully before the examination.

Important

When completing the Candidate Answer Sheet, candidates must use an HB pencil only. If they use a pen, the results will not be recorded. They will also need an eraser to correct any mistakes.

Before the examination begins

Examination supervisors should ask the candidates to complete the following sections on the OMR sheet, and check that each candidate has completed the details correctly as illustrated.

Centre code – candidates should enter the Examination Centre code. Write this on a board before the examination begins.

Test number – this number is given at the foot of each question paper and can be checked without opening the envelope containing the question papers. Write this on a board before the examination begins.

Candidate name – remind candidates to write their first name and family name clearly

Exam title - this is given on each question paper and can be checked without opening the envelope containing the question papers. Write this on a board before the examination begins.

Candidate number – ensure you have the list of candidate registration numbers from EDI. Candidates should enter their own candidate number.

Order number - candidates should enter the Order Number. Write this on a board before the examination begins.

Remind candidates to leave a space between words in the Candidate Name and Exam Title sections and remind them to use a pencil.

Examination supervisors should inform candidates that they should:

- Read the questions carefully and choose the correct answer A, B, C, or D
- Carefully enter each answer against the correct question number in the Answers area
- Only use an HB pencil
- Mark only one answer
- Make sure they fill the circles completely
- Only complete the answers to the questions
- Not make marks on the Candidate Answer Sheet except in the places provided
- Erase any mistakes completely.

When all the candidates are ready, tell them:

- The time allowed for the test
- To start work.
