

Online testing and system requirements

Please find below a list of minimum requirements for running online tests

System requirements

Campus will operate (albeit a little slower) with a lower specification, however, the preferred system requirements are:

- OS: Windows Platform
- Browser: IE 6.0 or above
- Screen Resolution: 1024 x 768 or above
- Client Software: Adobe Acrobat 7.0 or above
- Internet Connection: 1Mb broadband minimum

If you are running any type of Firewall or Proxy Server, please allow the following IP addresses:

- 195.200.131.227 ▪ 195.200.131.228

The following ports need to be configured to allow the addresses below:

- Port 80 (http port)
- Port 1935 (flash port)

Addresses:

- <http://www.ediplc.com/edi/Web/edi/index.aspx>
- <http://www.goalonline.co.uk/Web/goalonline/candidate.htm>
- <http://www.ediplc.com/diagnostics/>

Please note we do not support data/3G cards due to the instability of the connection.

Diagnostic testing

Before an Online test is administered please go to the following web address:
<http://www.ediplc.com/diagnostics/>

Note: if you are administering online Key Skills or Technical Certificates/VRQ exams, please select 'Exams Online'.

The options listed will check your computer's compatibility with our online testing system.

Please click on the red question mark for onscreen instructions.
