

# Your BTEC Nationals – planning for September 2016

## Update on Performance Measures and funding in England

As we move into the summer term and your teaching teams start hands-on planning for September 2016, I'd like to give you the latest information on funding and performance measures to support decision making around your BTEC Nationals provision in the autumn term.

### 1. Performance measures in England

Applied General and Tech Level Lists

Before Easter, we were expecting publication of the final level 3 Applied General and Tech Level Lists.

However, during the Easter break, the Department for Education (DfE) confirmed that release of the final Lists is now delayed. We can't give you a definitive date at the moment, although they have indicated it will be mid-late April at the earliest.

We do appreciate the challenges this delay poses for you and your teams planning for September, so we're sending you the information we **do** know at this stage rather than waiting for final publication of the Lists.

#### In summary

- **List publication delay**  
Applied General and Tech Level List publication due "mid-end April 2016"

### 2. Funding in England

Learners aged 16-18

#### Your new BTEC Nationals (2016)

All BTEC Nationals 2016 are funded for 16-18 learners, regardless of their inclusion on Performance Measure lists.

### 3. Looking ahead to 2017

New BTEC Nationals courses in development

We are developing more new BTEC National qualifications for first teaching in September 2017, and we'll let you know sectors and sizes later this term and about performance measures and funding in spring 2017.

In the meantime, please do get in touch through your Curriculum Development Manager if you'd like to discuss your options for September 2016.
