

Your BTEC Nationals – planning for September 2016

Update on Performance Measures and funding in England

As we move into the summer term and your teaching teams start hands-on planning for September 2016, I'd like to give you the latest information on funding and performance measures to support decision making around your BTEC Nationals provision in the autumn term.

1. Performance measures in England

Applied General and Tech Level Lists

Before Easter, we were expecting publication of the final level 3 Applied General and Tech Level Lists, and with that confirmation of post-19 entitlement funding.

However, during the Easter break, the Department for Education (DfE) confirmed that release of the final Lists is now delayed. We can't give you a definitive date at the moment, although they have indicated it will be mid-late April at the earliest.

We do appreciate the challenges this delay poses for you and your teams planning for September, so we're sending you the information we **do** know at this stage rather than waiting for final publication of the Lists.

In summary

- **List publication delay**
Applied General and Tech Level List publication due "mid-end April 2016"

2. Funding in England (2016-17)

16-18 and 19-23

Your new BTEC Nationals (2016)

All BTEC Nationals 2016 are funded for 16-18 learners, regardless of their inclusion on Performance Measure lists.

All qualifications included on Applied General and Tech Level Lists will be automatically eligible for post-19 funding.

We'll produce a complete summary of 16-18 and 19+ funding following publication of the final Lists.
