Our new Hub for online vocational learning

We've launched our new [Learning Hub platform!](#) Pearson Learning Hub provides online courses for you and your learners as well as online resources to support your blended learning delivery.

Learning Hub courses are **bite-size, easy-to-digest, and mobile-optimised**. They have been designed to support key skills and competencies that employers need and want. Learners will gain the **real-world skills** they need to grow their talent and progress, including the specific occupational skills they need to enter their chosen career.

Help your learners acquire the knowledge and skills they need for their careers with our unique blended learning solutions.

Special Case Study: CAMFED BTEC Learner Guides

CAMFED is an international non-profit organisation tackling poverty and inequality by supporting girls to go to school and succeed. As part of their Learner Guide Programme, CAMFED uses specially developed Pearson BTEC resources in their classrooms. We spoke to Alex Logan, Development Officer for CAMFED International to learn more about this programme and the impact of BTEC resources on their learners and volunteers.

If you would like to share a case study about your centre, you can do so using our [institution case study form](#).
