Welcome to your **September edition** of the BTEC International newsletter.

Adaptations to International BTEC in IT

Pearson has collaborated with Microsoft in adaptations to the BTEC International Level 3 in IT and the Higher Nationals in Computing.

The BTEC International Level 3 in IT specification has been mapped to the new **Microsoft Computer Science Curriculum**. In completing this mapping we have identified some new units that are required to strengthen the computer science content of the specification. These units are additional choices.

Do you have a story to share?

We are always looking to share feel-good news stories and success to our key stakeholders.

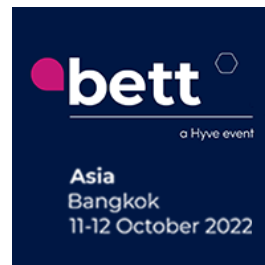

We know that our centres do amazing work to deliver BTEC International and Higher Nationals which help people progress in their lives through learning, and we want to spread this positive news amongst our community.

Education as a catalyst for change

Are you going to be at next month's event? If you are, why not come and say hello. On **Wednesday 12 October, 14.30 -15.20** (local time) Annabel Lawday from Pearson will be speaking about 'Harnessing the power of esports in the classroom.'
