Thank you for partnering with us and providing us with the information needed to successfully deliver BTEC qualification results to your learners in 2024. In August, we issued over 450,000 Level 2 and Level 3 BTEC qualification results to over 4,000 colleges, schools, training providers and universities in England, Wales and Northern Ireland.

## Which qualifications do these key dates cover?

The term-time checkpoints relate to BTEC Firsts, BTEC Nationals, BTEC Tech Awards and BTEC Technicals.

# What improvements can I expect in 2024/25?

1. **Support throughout the year, not just for May-July.** You'll be able to access information for learners with estimated completion dates outside of your summer cohort to identify the actions you need to take to ensure they are successfully certificated. We'll be in touch whenever we can see an estimated completion date approaching to help all learners receive their results when they are expecting them.
2. **Committed to improving your experience of VQ Learner Tracker.** We've listened carefully to your feedback about the VQ Learner Tracker and have a whole programme of improvements we're committed to delivering this year. We'll be holding briefing sessions to show you how to use the VQ Learner Tracker effectively, making it easier to meet our deadlines.
3. **More time to complete term-time checkpoints.** We're opening the cohort declaration earlier, allowing you more time to do the work you need before signing the declaration and before the busy January exam series.
4. **Comprehensive onboarding for new exams officers.** We're improving the support we offer to exams officers that are new to Pearson, or new to BTEC, so you are set up for success whenever you join us throughout the year.
5. **More bitesize training and support.** We recognise that you need training and support to help you meet the term-time checkpoints. We'll be creating content and support throughout the year and will be in touch regularly to ensure you have access to everything you need.
