

# Level 2 qualifications funding guide

## For 16–19 year olds in England

The information on this list applies to 16–19 study programme funding. This will not be reflected on the [find a learning aim database](#) as the database is only updated once a year, and we have based this list on what we know so far about the Government's Level 2 Reforms.

This guide has been updated, using information, found on the DfE [The outcomes of the Review of Qualifications Reform at Level 2 in England page](#). Further information regarding the wider reforms will be provided at a later date and will take into account the recommendations of the Curriculum and Assessment Review. The Department reserves the right to conduct a further low or no registrations defunding process, where individual qualifications drop below 100 registrations for three consecutive years.

The funding information shown here may not apply for qualifications taken as part of apprenticeships as these are approved for funding in a different way.

If you need to find the latest funding information for adults for Pearson qualifications please see [adult funding pages](#).
