# Getting the most out of your BTEC

We know that as a teacher your workload can be an issue.

That's why, to help you save time, we have designed **myBTEC** - a unique free service that helps to reduce the time you spend on admin.

**myBTEC** helps you streamline BTEC planning, delivery and assessment, giving you more time to spend with your learners.

“*The time that it takes to write and IV an assignment is drastically reduced. Your assignments are kept in one place allowing you to build up a library of assignments so that no two years are exactly the same. Your assessment schedules are automatically populated, taking away this worry from teachers.*”

Scott Gildert, Abingdon and Witney College

### Saves you time

For example, when internally verifying an assignment brief, at least 50% of the questions are answered for you.

### Reduces your workload

For example, your assessment plan is produced automatically from your assignment briefs in myBTEC.

### Keep students on track

Automatic grade tracking calculations, so you know your students are on target.

### Check progress

Complete visibility of all courses, assessments, internal verification and results at your centre, so you can check progress at any time.

### Downloadable resources

Easily export and download all documents, information and results.

**examWizard\*** is an online resource containing a bank of past paper questions and support materials to help you create your own mock exams and tests.

**examWizard** is easy to use, intuitive and saves you valuable time.

**examWizard** allows you to:

- Search for past papers
- Create topic based tests
- Build your own papers

## Saves you time

Saves you time as you can create your own topic tests and homework revision activities in minutes. You can filter by year, unit, tier and series. Each paper links directly to the associated examiner's report and mark scheme.

## Build your own papers

Select the best questions for your test or homework activity quickly and simply. Questions are clearly labelled with a brief description, the number of marks and number of minutes.

## Creates topic based tests

Search for questions linked to each topic from the specification, ideal for setting an end-of-topic test.

## Track progress

Tailoring papers allows you to track how your students are performing overall or in key areas where there may be gaps.

## Access to Scripts

Evaluate how your candidates performed on particular questions and identify skills gaps to help tailor future teaching plans.

Download scripts free of charge

Keep track of each learner

**Results**Plus

See and analyse external assessment performance by student, group or cohort.

Results day is one of the busiest days of the year for you, and we want to ensure you have all the support you need when it comes to analysing individual and cohort results on the day.

That is why we have developed **ResultsPlus**– a free online results analysis tool for teachers that gives you a detailed breakdown of your students' performance in external assessments.

This service can help you reduce the amount of retakes, keep track of each learner, monitor the understanding of certain topics and make teaching a more personal experience.

© Graham Oliver/ 123rf.com

## Analyse performance

View pass or fail rates and see actual scores for each question for a student, class or cohort.

## Identify areas for further learning

Pinpoint potential topics, skills and types of questions where students may need to develop their learning further.

## Compare performance

Understand how your students' performance compares with class and overall BTEC averages.

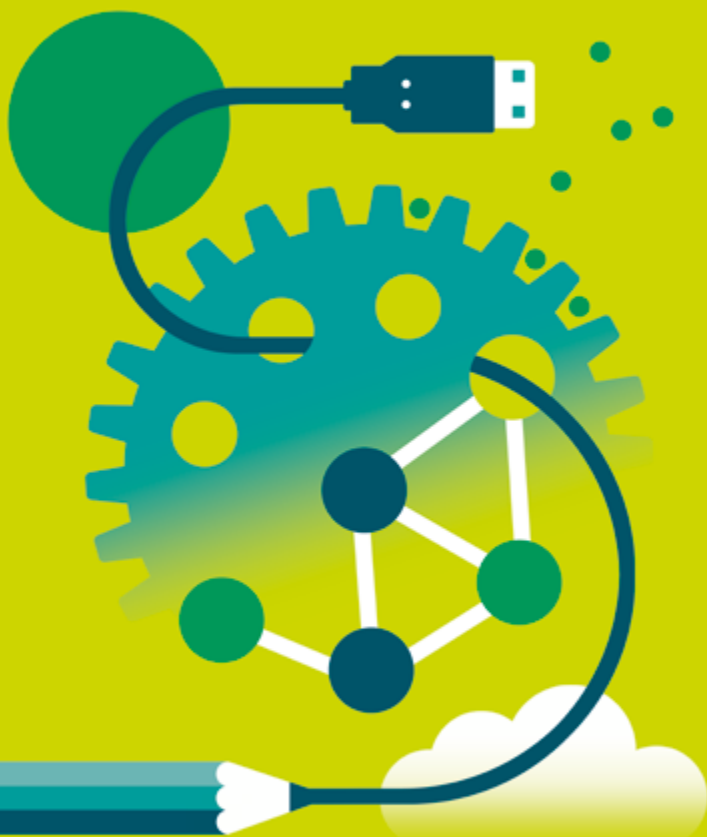

## Access data and reports

Acquire data that may support effective learning and teaching approaches and use skills maps and highlight reports to identify areas of improvement

# Access to Scripts

Pearson's **Access to Scripts**\* online portal is free-of-charge and allows you to view your candidates' marked scripts online or download them as a PDF.

It is a self-service portal via Edexcel Online, giving you instant access to scripts.

Pearson is the only awarding organisation to offer free access to your students' externally assessed exam papers.

“*Having access to students' real scripts enables the teaching staff to not simply focus on mistakes and weaknesses, but also show students what they are capable of.*”

Juliane Collings, Fareham College

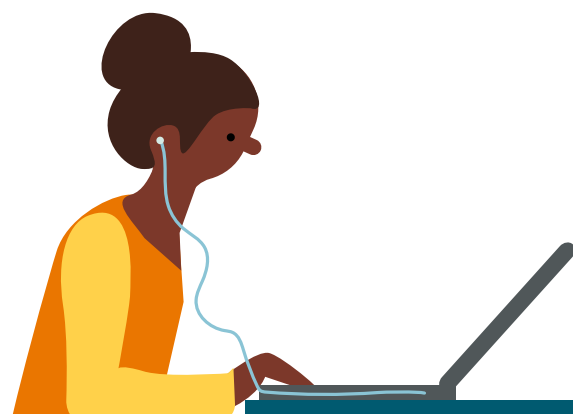

Illustration by Lucy Vigrass

## Evaluate performance

Evaluate how your candidates performed on particular questions and how that is reflected in their final grade.

## Identify skills gaps

Access to Scripts help you to identify skills gaps so you can tailor future teaching plans.

## Support CPD

Support CPD to deliver consistent and effective teaching by subject and/ or topic area.

# Training and events

We offer a range of BTEC training events to help you **plan, deliver** and **administer** BTEC qualifications.

We make our events as accessible as possible by offering face-to-face, online and centre-based training options.

Our popular, engaging and cost effective courses give you up-to-date information and expert guidance.

**Up-to-date  
information**

That's current, useful and relevant in today's fast-changing educational environment. In most cases our events count towards Continuous Professional Development (CPD).

**Expert  
guidance**

From our experienced trainers who offer you a wealth of practical knowledge and advice about delivering our qualifications.

At Pearson, we create a variety of resources to support you in delivering BTEC qualifications and enhancing teaching and learning.

These include free course materials available as part of your qualification and additional paid-for materials including:

- ▶ Student books
- ▶ Teaching resources
- ▶ Revision materials

Our resources are written by expert subject teams to give you every confidence.

### Course materials

A comprehensive range of free course materials\* is available to help with planning and teaching, as well as assessing and tracking the progress of your learners. [quals.pearson.com/BTECcoursematerial](https://quals.pearson.com/BTECcoursematerial)

### Additional support

Our student books, teaching resources and revision materials\* support teachers and help learners build knowledge, prepare for assessment, reflect and evaluate, and link their learning to real-life workplaces. [pearsonschools.co.uk/BTECresources](https://pearsonschools.co.uk/BTECresources)

\*Please note that not every type of material will be available for every qualification.

\*You do not have to purchase paid-for resources to deliver our BTEC qualifications.
