The mapped Professional Standards

Working in the school environment (Out of Curriculum) and Coaching Assistant

- ▶ The Working in the School Environment (Out of Curriculum) Environment Specialism supports an individual who is working within the school environment out of curriculum in environments such as after school clubs.
- ▶ A Coaching Assistant will improve a participant's experience of sport and physical activity by supporting a coach to provide specialised support and guidance aligned to their individual needs.

Group Exercise Instructor

- ▶ The role of the Group Exercise Instructor is to lead and motivate groups of individuals through intentionally-designed, pre-choreographed exercise classes.

Gym Instructor

- ▶ The role of the Gym Instructor is to engage, facilitate, educate and support clients in the gym environment

Recreation Assistant

- ▶ The role of the Recreation Assistant is to support, enhance and deliver the operations of a leisure facility. These operations typically service sport and physical activities across a facility, for example: swimming pools, water slides, saunas, activity areas and sports pitches.

Sport Industry Skills

What is a Professional Standard:

Employer-led standards for every job role in sport and physical activity

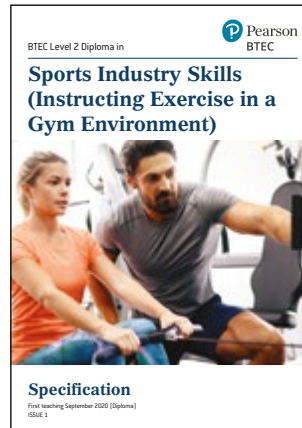

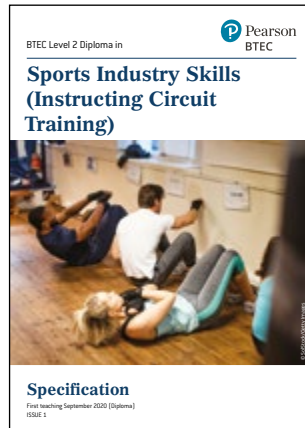

CIMSPA professional standards – an overview

“The CIMSPA Professional Standards Framework outlines occupations and job roles within the sport and physical activity sector, by defining what knowledge and skills an individual must understand and demonstrate to undertake a particular role”
