

BTEC International Level 3
University Recognition

BTEC International Level 3 University Recognition

These universities have indicated that they will consider one or more of the BTEC International Level 3 qualifications as an entry qualification to relevant courses. Students should be aware that university admission criteria are always subject to change and understand the course entry requirements for both subject and grade before applying.

Other universities not on this list may also consider BTEC for progression so we advise that students should plan progression routes, and contact potential universities prior to commencing a course of study at Level 3.

This list is continually being updated as we receive information from universities. Please let us know if you need us to discuss acceptance with a university. Email us at internationalproduct@pearson.com

Central Queensland University	Australia	London Metropolitan University	UK
Curtin University	Australia	London South Bank University	UK
