WHAT ARE PEARSON BTECS?

Pearson is the world's leading learning company with 24,000 employees across 70 countries worldwide, with Global Headquarters in London. We combine world-class educational content and assessment, powered by services and technology, to enable more effective teaching and personalized learning at scale. We believe that wherever learning flourishes so do people. We do this by providing a range of products and services that have been developed in consultation with international employers, governments, and higher education institutes. Pearson BTECs are high quality, hands-on qualifications grounded in the real world of work giving learners the knowledge and skills they need for career success, now and into the future.

WHAT QUALIFICATIONS ARE AVAILABLE?

Pearson BTEC International Level 3 qualifications in Agriculture/Horticulture/Land-based Studies are for those wanting to progress into higher education, or employment in a range of land-based roles. Our qualifications have been written in response to employer and university feedback and future skills requirements. We've been mindful of international contexts and reviewed content so that it is accessible across a range of environments. We've updated units in:

- plant and soil science
- business improvements

and new units have been developed in:

- environmental management
- land-based operations
- environmental activities.

Sustainability is a key theme in the specification and the subject of new units. We've created separate qualification pathways in **Agriculture and Horticulture** to support learners looking to work in key areas to land-based sector.

HOW ARE THEY **ASSESSED?**

International BTECs are internally assessed allowing for practical assignments that combine knowledge and career related skills. 25% of these assignments will be set by Pearson to provide additional external standardisation. Assignments are scenario based and designed to be work relevant, for example by researching and presenting information and demonstrating the skills needed for employment.

WHAT **PROGRESSION** ROUTES ARE AVAILABLE?

BTECs are designed for progression into employment and higher education. Your learners can progress onto (for example):

- **BSc (Hons) in Horticulture**
- **Diploma in Garden Design**
- **BSc (Hons) in Agriculture with Farm Business Management**
- **FdSc in Sports Fisheries and Aquaculture**
- **FdSc in Veterinary Nursing Science**

NB: learners should always check the entry requirements for degree programmes with the relevant higher education provider.

HOW ARE THEY **RECOGNISED?**

By working with employers, governments, and higher education institutes you can be sure that BTECs are recognised world-wide providing more opportunities for your learners to progress.

Pearson is the largest accredited awarding body in the UK, and our new International BTECs have been benchmarked to the UK and European Framework by NARIC, the national agency for the recognition and comparison of international qualifications and skills on behalf of the UK Government.
