Pearson 2020 qualification fees update

We've been providing a full suite of learning materials, online, in the school or college environment.

We've created sector guides to support teachers to adapt assessment during this period. Whilst for our BTEC and Level 3 vocational qualifications, we have created sector guidance for teachers to use to adapt assessment.

For our A level, AS level, GCSE, BTEC and Level 3 qualifications, we have partnered with our Assessment Associates (examiners and standards verifiers), many of whom are teachers currently working in schools and colleges, to ensure that the work we do is focused on the needs of our customers, and to network with colleagues across sectors to share ideas and support, whether that is through墟exclusive live online lessons or sharing up-to-date advice.

You may have questions about how the changes to the summer series will affect your GCSE, AS/A level, International AS/A level, BTEC, Work-Based Learning, Higher Nationals, or other vocational qualifications. We're continuing to work through the impact of the cancellation of our 2020 exam series and are providing you with a full suite of learning materials, online, in the school or college environment.

The qualification fees cover the delivery of each qualification from first teaching to the final assessment and results. For our A level, AS level, GCSE, BTEC and Level 3 qualifications, we have created sector guidance for teachers to use to adapt assessment.

For many of you Centre Assessment Grading and rank order systems will still be used for awarding grade 9 (out of 9) and A* (out of 7) awards, but students and teachers can expect a different approach to Centre Assessment Grades and rank order for grade 1-8 awards. We've developed a brand-new Centre Assessment Grade submission system.
