

## Frequently Asked Questions – updated 18 August 2020

### **When will we receive results?**

Update (18 August). Following yesterday's announcement from [Ofqual](#), [JCQ](#) have just confirmed that all schools and colleges will receive their GCSE results according to the published time of 00:01 on Wednesday 19th August, allowing students to receive their final grades on Thursday 20th August. International GCSE results will also publish at the same time as GCSE allowing students to receive their grades on Thursday 20th August.

AS and A level results will be available to centres during Wednesday 19th August, allowing centres to confirm these results immediately to students.

We will provide a further update on timing of results for International AS / A level results as soon as possible, and these will be available to centres no later than the end of this week.

Results for all suites listed above will be available to access via A2C and Edexcel Online.

### **What does this mean for International qualifications?**

Ofqual have decided that students are awarded their Centre Assessment Grade for this summer - that is, the grade their school or college estimated was the grade they would most likely have achieved in their exam. If the standardised grade is higher than the Centre Assessment Grade, then this grade will stand so the student is awarded the higher grade.

If you are an International school using iPrimary, iLowerSecondary, International GCSE and International AS/A Levels, we can confirm that we will be following the same approach.
