# Apprenticeships in Care Services

As a levy paying employer, we understand the value of developing and growing the skills and talent of employees to meet organisational goals. Which is why Pearson believes in, and champions apprenticeships.

We will work in partnership with you and your employers to create and deliver apprenticeships which will give your apprentices the best opportunity to achieve their full potential and to progress further in their employment.

We provide a comprehensive range of apprenticeship products and services which will support you in your on-programme and end-point assessment delivery.

## On Programme

We offer a range of resources and learning solutions to help you deliver these apprenticeships in a more flexible and time efficient manner to meet the training needs of your learners and their employers. This includes qualifications and a range of paid-for and digital learning content that will provide valuable support to you and your apprentices from entry through to gateway.

### ► Qualifications

For the Adult Care Worker and Lead Adult Care Worker Apprenticeship standards, the mandatory qualifications have been developed through close collaboration with Skills for Care and are approved by them.

## ► Resources

### ▷ Handbook

Use our visually engaging learning resources mapped to the knowledge and skills requirements of the Adult Care Worker and Lead Adult Care Worker apprenticeship standards, to help apprentices foster understanding of how to apply the appropriate personal attributes and behaviour in the workplace.

The handbook is a course companion which provides apprentices with the support they need through their on-programme apprenticeship journey.

The handbook is designed to provide the most effective learning experience and facilitates understanding through extensive use of diagrams, flow-charts and photos.

### ▷ EPA Practise and Prepare resources

This online resource package is available to support apprentices enrolled on the Adult Care Worker Level 2 or Lead Adult Care Worker Level 3 apprenticeship programme.

These resources assist in preparing the learner for both of the EPA components. The resources can be used throughout the apprenticeship journey.

### ▷ Pearson LearningHub

LearningHub is a digital learning platform that is designed to deliver an engaging, accessible, interactive and personalised learning experience for learners.

It provides high-quality, bite-sized and mobile-optimised learning content, which supports apprenticeships and workplace behaviours and skills development that employers value.

## End-point Assessment (EPA)

We place EPA at the heart of the apprenticeships delivery to ensure apprentices are fully prepared for their assessments. We offer a flexible EPA service which gives you the option to choose whether the EPAs are delivered face-to-face or virtually, through Skype, which provides cost savings in delivery. Our dedicated team are there to provide you with a high-quality, reliable and consistent EPA service to support you at every stage of the EPA journey. We have comprehensive documents and resources to help you, your employers and apprentices navigate and prepare for EPA.

### ▶ EPA Resources

In addition to the on-programme resources, we also provide EPA Resources; EPA Specification, Additional Resources Document and Practice Knowledge Test. These resources are available to our customers who have signed up to Pearson EPA and they include information on :

- ▶ Structure
- ▶ Grading
- ▶ Gateway requirements
- ▶ Assessment content
- ▶ Evidence requirement for each component
- ▶ Grading criteria

These resources are designed to help you prepare your apprentices for the end-point assessments, as well as enable you to make your on-programme delivery more successful.

## Training Support

We offer a wide range of support services, events and resources to support apprentices and those working with them to navigate the standards for different sectors and prepare for End-point assessment.
