

Exams Update - Wednesday 26 March

Welcome to your regular roundup of all the important updates at Edexcel. [You can find all of our notices online](#)

Change of date for submitting Post Results Applications for January 2014 results

The JCQ have published new deadlines to submit applications for Post-results Services for the January 2014 exam series.

The date to submit both Access to Scripts and Enquiries about Results is now 10 April 2014. This supersedes the dates in the current version of the Information Manual.

Pearson Onscreen Platform Upgrade

An upgraded version of the Pearson Onscreen Platform is now available.

Although your current tests will still run on the previous version of the software, the new enhancements have been made to improve how they run in the future, and we therefore strongly recommend that you upgrade to the latest version as soon as possible. This will also ensure that your systems remain compatible and your learners encounter the best experience across all tests.

All computers which are used for onscreen testing need to be upgraded, so please allow enough time for this prior to any tests taking place. Please note that you need to upgrade before **09 May**, or you will be unable to make bookings for future tests.

Survey - Controlled Assessment Marks

Pearson would like to invite you to take a short survey regarding controlled assessment centre mark submission.

Recently, all Awarding Bodies were asked by Ofqual to review ways of ensuring the accuracy of centre submitted marks. Accordingly, this survey is now part of a systematic review of the submission of controlled assessment marks by Pearson and we would welcome your feedback.

Thank you in advance for taking the time to complete this short survey.
