

## BTEC International Update

Welcome to the BTEC International Update – giving you the latest BTEC news and guidance

In this edition of the BTEC International Update:

- 1 [Level 3 update](#)
- 2 [Centre support update](#)

### Level 3 update

#### Extensions to our current BTEC Level 3 Nationals (2010)

As a result of consultation with educators and stakeholders, we are pleased to announce an extension of existing BTEC Level 3 Nationals (2010) in the majority of sectors - allowing student registrations until December 2017 with a last certification date of 31 December 2020.

BTEC Level 3 Nationals (2010) will continue to attract UCAS points and provide a clear progression pathway to Higher Education. [Click here](#) to search by subject and find out more about the resources available to support your delivery of BTEC Level 3 Nationals (2010).

#### We need your feedback

You may have noticed on our website a new range of BTEC National qualifications which include an element of external assessment. We're introducing these qualifications to UK centres for first teaching in September 2016, although they are currently not available to international centres.

We want to ensure that we offer the best possible international BTEC level 3 provision - meeting your needs and those of your learners. To do this effectively, we are currently exploring the long-term international BTEC level 3 provision and are actively consulting centres on this. We would really value your input into the consultation process.

If you would like to participate, please [complete this online form](#). We will then get in touch to ask for your feedback on what you need from a BTEC level 3 suite, including features and support.

### Centre support update

#### Take part in our BTEC communications survey

We are currently reviewing the content and frequency of the communications that we send out to you. As part of this exercise we'd be very grateful if you could spend just 5 minutes [completing a short survey](#).

Your feedback will help us to improve future communications and make them even more relevant to you.

The survey will close on **Friday 18 December** - thank you in advance for your participation.
