

Edexcel International Update

OCTOBER 2015

International GCSE | International Advanced Levels | GCSE and GCE A level reform | Past Papers

PLSC | Pearson blog | Contact us | Advice

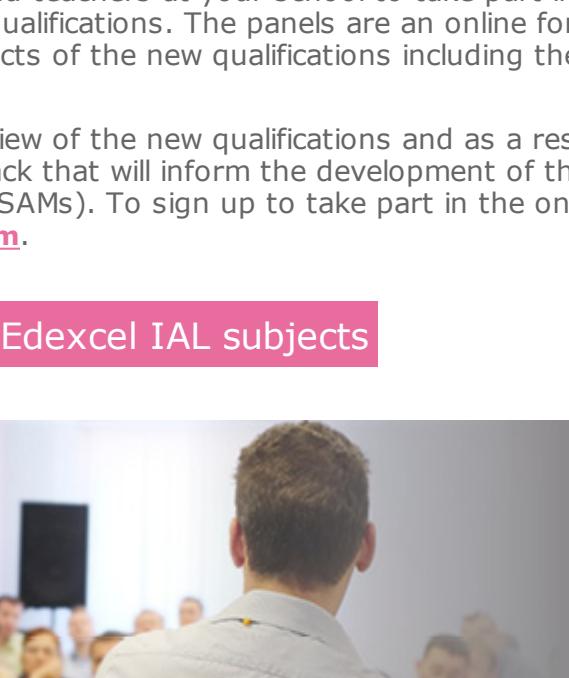

Welcome to the October edition of the **Edexcel International Update** newsletter.**Keeping you informed every step of the way**

This edition brings you updates about Edexcel qualifications for international schools, including: International GCSEs, International Advanced Levels, GCSE and GCE A level reform and the Primary and Lower Secondary Curricula. It also provides information about the bank of free past papers and mark schemes available on our website and links to two new education insight blogs from Pearson. Read the latest news below.

We encourage you to share this newsletter with all teachers at your school.

International GCSE**Updates to International GCSE qualifications from 2016 and 2017**

Last month, we announced that we are making some updates to our Edexcel International GCSE qualifications for first teaching in September 2016 and 2017. One of the key elements will be the introduction of a **new 9-1 grading scale**, to give the very highest performers the opportunity to achieve a grade 9, rewarding outstanding academic achievement and ensuring comparability to Edexcel GCSEs. The updated content will also represent the latest thinking in each subject, plus more international content.

We will ensure that the full updated Edexcel 9-1 International GCSE suite is available for first teaching in September 2017, with first assessment in May / June 2019. For schools outside of the UK that would like to begin teaching updated Edexcel International GCSE qualifications as soon as possible, the following subjects will be available for first teaching in September 2016, with first assessment in May / June 2018; English Language A, English Language B, English Literature, Mathematics A and Mathematics B.

Are you an English teacher? Draft assessment models are now available for Edexcel 9-1 International GCSE English Language A and English Literature

Draft assessment models for Edexcel 9-1 International GCSE **English Language A** and **English Literature** specifications are now available on our [website](#). These documents will provide you with an overview of what's changing including 'assessment at a glance' and information on key updates to the specifications.

Please take part in our online subject expert panels

We would be grateful if you can continue to participate in our Edexcel International GCSE consultation through our online subject expert panels. By taking part, you will be able to actively contribute to all aspects of the updated qualifications, including the assessment model, content topics and subject aims. We are already using feedback from the panels on draft materials produced so far to inform the development of subsequent materials. [Get involved and complete this online form](#).

We are considering developing Psychology, Sociology and Design and Technology qualifications. If you would be interested in participating in any of these panels please indicate when you complete the online form.

For more information about planned updates to Edexcel International GCSE qualifications from 2016 and 2017, including the new 9-1 grading scale, please [visit our website](#), download our new Edexcel 9-1 International GCSE brochure or read our frequently asked questions document.

International Advanced Levels

Please take part in our online subject expert panels

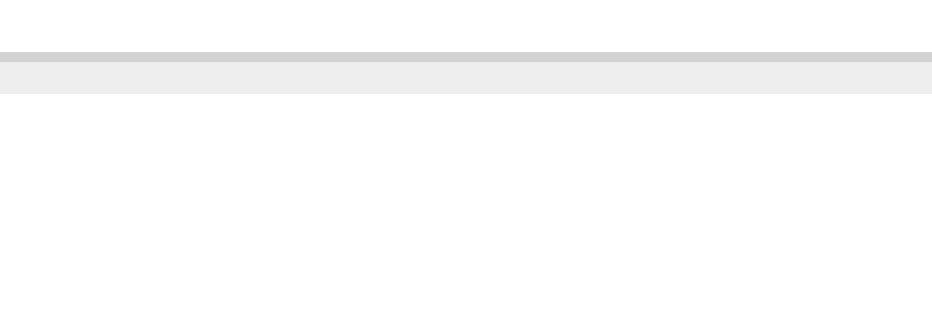

Last month, we announced the launch of an additional 6 Edexcel International Advanced Levels (IAL) subjects in Arabic, French, German, Greek, Geography and Spanish for first teaching in September 2016.

We would like to take this opportunity to invite you and teachers at your school to take part in our IAL online subject expert panels for these new 2016 qualifications. The panels are an online forum, where you will be able to actively contribute to all aspects of the new qualifications including the content topics and subject aims.

Subject panel participants will have an exclusive first view of the new qualifications and as a result, will have the opportunity to provide meaningful feedback that will inform the development of the final specifications and Sample Assessment Materials (SAMs). To sign up to take part in the online subject expert panels, please complete this [online form](#).

Teacher training events for the new 2015 Edexcel IAL subjects
