

Secure Content download

'Secure content' is the phrase we use for any document (PDF, Word etc.) or page on our website to which access is restricted. In order to access secure content you will need an Edexcel Online account. Please note, only the person flagged as your Examinations Officer will be able to download the secure contents.

Only staff in centres that are administering or running a particular Edexcel qualification will be able to view secure content for that qualification. For example, a secure GCE Mathematics document will only be available to staff from a centre that currently offers GCE Mathematics with Edexcel. Click [here](#) to learn more about secure contents.

The Stationary and Materials booklet for January 2015 examinations

The Stationary and Materials booklet provides information on the stationary and equipment required for our general qualification examinations in the January 2015 examinations series.

You can now download a copy of this booklet through our website [here](#)
