

Study Programme 16 - 19

Post-16 learners at this centre generally follow a vocational route which is unlikely to change, and this incorporates work placements. Registration for a vocational option and English and maths should continue outside of Skilled for Life. The addition of a Skilled for Life offer to the current programme would provide a full post-16 study programme.

Additional opportunities would be created to accredit achievement with an **Award in Personal Behaviour for Success** (3 credits), a **Planning & Participating in Work Experience Award** (6 credits) and a **WorkSkills Certificate** (13 credits). Literacy and numeracy units, together with ICT units if required, can also be incorporated. Registration for this programme would be £65 for 13-24 credits, with the SelfSmart diagnostic tool costing an additional £10 per learner.

What learners are registered on

Skilled for Life 13-24 credits (£65) plus SelfSmart diagnostic tool (£10)= £75.

Includes **Award in Personal Behaviour for Success**, **Planning & Participating Award** and **WorkSkills Award** certification.
(Extra credits if more PSD units or Skills for Work units - £90 for 25-36 credits, but centres can top up at any time)

GCSE fee

BTEC Level 1 fees if adding additional BTEC qualifications to those available through Skilled for Life
