

## Working with others

Talk about what has happened here.

How could these problems be avoided?

### Ahmed, Claire and James

Ahmed, Claire and James are decorating chairs. They have been working by themselves all week.

Their tutor showed them how to apply the gloss finish paint at the start of the week but Claire has used too much.

James used the paint next and knocked the tin over, spilling some of the paint on the floor. He really wanted to finish so left it to be tidied up later.

Ahmed now has no paint to finish his chair and there is a mess on the floor he needs to clean up.

He gets angry and finally shouts, "Oh what's the point!"

## Activity 6: Clean up job

Write down six things that Claire, James and Ahmed could have done better.

1.

2.

3.

4.

5.

6.
