

What is it like at work?

When you are choosing your career you will need to think about what is most important to you.

Look at the jobs below. How do you think the pie chart might change for these?

Craft or operative jobs

- Carpenter
- Bricklayer
- Plant operative

Professional or technical jobs

- CAD designer
- Sustainability officer
- Site technician

Activity 3: How work affects us

Your tutor will give you a collection of statements about work. Choose a job in construction. Arrange the statements in order of importance for a person doing that job. Explain how the top three for your choice affects that person's lifestyle.
