

## Getting the job right

Before you begin work on making something, you need to work out what tools you will need to finish the job.

What tools might you need to make this stool?

# Activity 4: Preparing to work

You are going to make a stool. Make a list of all the tools and materials you are going to need. Ask yourself:

- What will you need it for?
- What safety checks should you make before you use it?

Tool or material	What do you need it for?	What checks should you make before you use it?
