

2: Managing money

This is Michael's online bank account. He is checking his funds.

The screenshot shows a web browser window with the title 'The Money Bank'. Below the title, the account name is 'M.Lee' and the account number is '1234567'. To the right, there is a 'Make payment' button with a right-pointing arrow. Below this information is a table with four columns: 'Details', 'Money in', 'Money out', and 'Balance'. The table contains three rows of data.

Details	Money in	Money out	Balance
			£10
Wages	£90		?

Activity 2: How much does he have?

Can you help Michael work out how much money he has in the bank?

1 How will Michael work out how much money he has?

2 How much money does Michael have in his account?

3 Michael has to pay for a travelcard to get to work. It is £25. How much money will he have left in his account after he pays for the travelcard?
