

2: Buying protective clothing

This is a catalogue selling protective clothing for the workplace.

You are expecting an order.

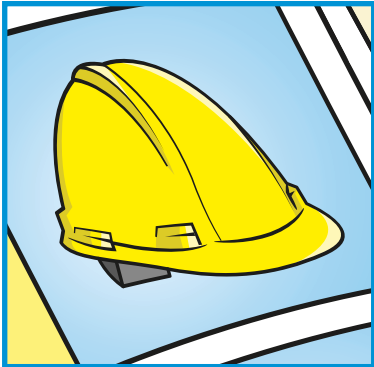

Activity 2: How many have been sent?

At your company, employees must wear all three items of protective clothing shown. The company always orders these three items together. This is called a set.

You recently placed an order. An invoice arrives for £432.50. It doesn't say how many sets have been sent.

1 How many sets of protective clothing should you expect?

Set of three items
