

17 February 2021

Dear Student,

As a result of our additional quality checks, we identified that you have been awarded an incorrect result on one or more of your BTEC assessments in Summer 2020.

**I can confirm that the updated results are now available to your school/college and that your final qualification grade is not lower than what was previously issued.**

I'm sorry for any stress and inconvenience this may cause. After completing all relevant checks, I'm happy to conclude there are no other issues to report.

Details of how BTEC results have been calculated are available on [our website](#).

Once again please accept my apologies for the stress and inconvenience this may have caused you. I recognise that this has been an unsettling time for you.

If you have any questions, please contact us via your school or college. I wish you all the best with your studies and progression plans.

Best wishes,

**Jo Fowler**  
Assessment Director
